Helping Business Leaders Navigate Career Transitions

CONSULTANT AND COACH

Michael, Mike as his friends call him, works with successful executives, entrepreneurs, and technical professionals who are seeking a simple action-focused plan to effectively manage a career transition, keep your team on the same page and prepare for leadership succession.

With over 20 years experience as a career consultant and strategist, Mike knows that busy people want to navigate the murky waters of transition as quickly and effectively as possible. Drawing on his own experience, Mike has developed a unique consulting method in which he helps each of his clients create a powerful one-page plan incorporating prioritized actions and accountability's ---all in just 24 hours.

AUTHOR & PODCASTER

He is the founder and president of On the Same Page Consulting and an Amazon best-selling author. He has published three books: Design life that Works, which teaches how to design a plan to balance business, career, family and faith on the same page. Mike's second book, The White Shirt- is a business parable with steps on how to make successful career move. His latest book Roll Up Your Sleeves- living and leading in a world of constant change was released in Spring 2020. His blog is called the Leadership and Life Journal, which is a series of very brief stories ending with a practical application.

Mike's podcast is "Small-time Leaders". It is a 10-minute interview of an accomplish business leader who share stories about a person who did or said a small thing that was so pivotal that it changed them forever. Mike is an avid outdoorsman, active Rotarian and extra proud five- time grandfather.

TOPICS THAT TATE LIKES TO TALK, TEACH AND TINKER WITH:

Career:

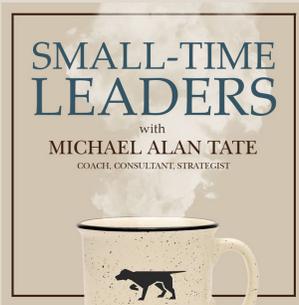

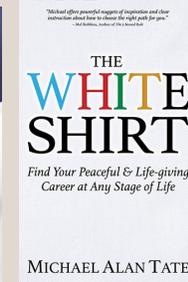

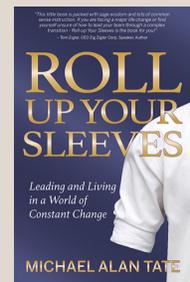

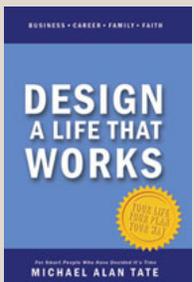

- Career challenges people face today and how to beat the system and win.
- Unconventional approach to make a career move that works 85% of the time.
- Simple steps to building a life-giving career inside your current organization.

Transition:

- Knowing that change is not transition is key to your success.
- Things a leader needs do and not do when change catches you off guard.
- Why you need a 40-day transition plan and how to implement it.

Leadership:

- It's a small world after all- Small-time leaders that made a big difference in the world.
- Keys I haven't lost yet- the best leadership principles are the ones you already know.
- Lessons from the field- Leadership secrets from a life with my bird dogs.
